APRIL 2009

President's Message by Heather Shuve

We are now (fingers crossed) within weeks of being back in full swing at Westfield. Staff are being interviewed and hired; the Clubhouse and Pro Shop are being cleaned and prepared for members and plans are now being put in place for the many golf and social events scheduled for the upcoming 2009 Golf Season.

Our Semi-Annual Meeting is scheduled for Friday, May 1 (7 pm) at the Club and I would encourage you to plan to attend. In the past, the focus of semi-annual meetings have always been "budget" and "dues approval" however on a recommendation of our auditor, this activity was accomplished during our Annual Meeting in Nov. 2008. As a result, a decision was made to move the Semi-Annual Meeting closer to the actual golf season and schedule it as a kick off to the golf season.

In another departure from tradition, the Board decided to host the meeting this year on a Friday evening (rather than a Saturday morning) and plan for a social time after the meeting. Perhaps optimistically we are all hoping to be "golfing" on Saturday morning! The bar will be open once the meeting is adjourned and snacks will be provided. This will be a great chance for new members to "connect" at Westfield and returning members can "reconnect" after a long winter. Staff will be on hand as well so members can finalize payment details on their account and ensure they are set up for charging privileges for a smooth start to the season.

Please plan to join us on May 1 at 7 pm and hear from the various committees what they're working on for 2009!

General Manager's Report by Pat Palmer

Paul Marr and his staff have removed the straw and top cover from the 16 greens that were covered last November. The breathable covers are still on. The course looks to have wintered well. Hopefully we will get some good drying conditions over the next few weeks followed by some heat to kick start growth.

The new electric Club Cars (30) arrived on April 14th from Augusta, Georgia where they are manufactured. Staff from our supplier (Vesey's) put on the tops, windshields and golf bag covers in one day. The power carts are off white and look great. Currently they sit in the new power cart building. We are waiting for NB Power to put in a new pole to run power to the building. Phil Holland did a great job building the new building and installing all of the boxes, which hold the power cart chargers.

Anne McGinley has joined the staff as House and Special Events Coordinator. Anne brings a wealth of experience to the job. Anne will be responsible for the bar, bar cart and the coordination of all special events and food functions at the Club.

Lynn Worden is returning as Food manager along with Debbie Johnson as Head Cook. The everyday menu has been adjusted to better serve Westfield members and guests. Lynn and Debbie will be offering a wide variety of new and old delicious specials throughout the season.

Marshall McMahan along with Steve LeBlanc are getting the Pro Shop organized for the coming season. Lots of new clothing, golf equipment, shoes and accessorized are arriving daily. We are working on members being able to book lessons with both of these Pros' on line. Stay tuned.

Men's Nite 2009 by Peter McCarthy

I would like to inform the membership and Men's Nite participants of the exciting changes for the 2009 format. This year team play and individual play will be the focus. In the early stages of revamping the Men's Nite format, individual scores (both net and gross) will have a larger impact on team scores and also impact the Men's Nite Overall Champion. This year a points system will determine the overall Men's Nite Team and Individual winners. A detailed points system will be available to all participants in early May, which will explain how the team and individual points will be awarded weekly. A Men's Nite Section will hopefully be added to the website so all participants can monitor their team and individual scoring. In the development stages for this year are a Men's Nite Team Auction, a 9-Hole Men's Nite Opening Team Scramble, and a 9-Hole Men's Nite Closing Team Scramble. The details, dates, and approvals are still being worked on and should be finalized by the end of the month. The deuce pot will return with a twist to enable someone to win throughout the season.

The idea this year is for every player to have an opportunity to compete on Men's Nite for the prizes and bring the fun of competition to all participants. The point system will allow every player to generate points based on their play by counting net and gross scores, and accounting Men's Nite Games into their points. It should be a lot of fun and something different for all to enjoy. Please stay tuned for complete details coming in the very near future. Remember, your participation is key to its' success.
